

BLACKSTONE 19" IP55 Outdoor Wall Mount Network Cabinet

IP55 wall mount rack cabinet with a 450mm Depth. Outdoor wall data cabinet to house telecoms CATV or CCTV equipment. Cabinets include 19" profile with optional fans, heater, and floor mount plinth. Perfect wall or roof mount external data cabinet, providing IP55 protection against dust and water ingress. For Wall Mounting please use PN: BSC-OC"X (u size)"-6450-SS

A 9U Outdoor IP55 rated wall mount data cabinet 600mm wide and 450mm deep. Applications include open areas subjected to falling dirt and wind blown dust particles, rain, snow or splashing water.

Includes door fittes with a gasket for sealing, with secured point locking system, isolated cable entries provide protection against water and dust ingress.

1.5mm thick monoblock welded construction, with Epoxy Polyester type powder coating to RAL 7035

Light Grey colour, providing corrosion resistance.

Fresh air filtered inlets to the sides of the cabinet provide natural ventilation.

By adding 1 Fan or 2 Fan Modules, forced ventilation can be achieved.

APPROVED BY INFRASTONE TO EXPORT OUTSIDE OF UNITED STATE OF AMERICA

General Description

1. Strong and stable framework of cabinet, which has mounting holes.
2. The side panel and rear panel are double-panel design, the panels are fixed by the bolt from the inner.
3. Between the inside and outside side panel has the inter space, which provides the channel to ventilate and support the enclosure internal heat exchange and can reduce the influence of the sunlight illumination.
4. The roof panel has the awning all around stretches out to keep from the rain, the bottom of awning has holes to keep the integrity well ventilated, which guarantees the air exchange.
5. The bottom has a cable entrance with rubber ring.
6. The enclosure is the 19" structure, also can install the mounting panel.
7. The top loaded with fans to ventilate; two sides panel have the blind holes to output.
