

# **BLACK-STONE UTP 24-PORT EMPTY PATCH PANEL**

# **DISCRIPTION**

Boost your network performance and adapt to changes effortlessly with our Rack-Mount Blackstone Patch Panel. Empty 24-port patch panel matches the installation of different kinds of modular jacks, suitable for interaction and termination of horizontal cabling between devices, equipment and centralized points.

## **FEATURES**

- Unique exterior design, simple and compact with beautiful appearance.
- High quality engineering plastic and steel sheet with high strength.
- Ergonomic design, convenient module snap-in installation.
- Consistency black surface with any other equipment.
- Be compatible with various performance modules.
- Solid and easy installation design saves installation and operation costs.
- Be compatible with 19-inch equipment racks, cabinets, and wall mount shelf.
- All ports are large front-end marked, easier use for operation.
- The back ends with a cable manager that effectively guides the cable to the termination point.

## **SPECIFICATION**

Patch panels shall meet or exceed the channel requirements for Cat 6A described in ANSI/TIA-568.2-D and ISO 11801, and shall be packed with the appropriate number of Cat 6A connectors.

Connectors shall feature both T568A and T568B wiring config-urations, mounting standoffs for cable management bars, and front write-on labeling. Panels shall be made of 16-gauge steel and shall have a black painted finish with white silk-screening.

The plastic elements shall be fire retardant with a UL flammability rating of 94V-0. Panels shall be offered in 24-and 48-port configurations. Panel shall have the ability to allow for single port replacement of inoperative ports. for single port replacement of connectors.

#### **DESIGN CONSIDERATIONS**

- · Mounts on 19-inch equipment racks
- Panel offered in 24- or 48-port configurations
- ·One cable management bar included per panel

**Black-stone** 

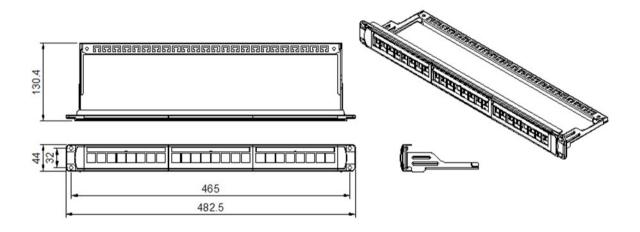

#### STANDARDS COMPLIANCE

- · ANSI/TIA-568.2-D
- · ISO 11801 Class EA
- · cULus Listed
- · IEEE 802.3bt PoE Type 1, 2, 3, 4 (90 watts max)
- · Cisco UPOE, UPOE+ (90 watts max)
- · Power over HDBaseT™ PoH (95 watts max)
