Currently entertaining players with its third incarnation, the game drops players into a world filled with different cultures battling a host of angry gods for supremacy. Photo Courtesy: @FNBRLeaks/Twitter League of Legends Video game developer Riot Games created League of Legends to appeal to fans of the popular World of Warcraft online game. This game requires Adobe Flash Player to play, and it's available as a mobile app as well as an online game. Once you unscramble a word in one row, it will disappear so the letters above it can drop down. Riot Games also organizes various Esports tournaments, including League of Legends tournaments with prizes in excess of \$1 million for skilled players to compete to win. Fill the blank slots above the tiles with the words you form. If you get stuck, you can always reach out for some "kitty help," and your furry partner in unscrambling will supply you with a helpful hint. The concept of the game is similar to Super Smash Bros., and players can pick up mascots from other popular games, such as Halo and Battletoads. The game has a 4.5-star rating on TechRadar, partially due to fun combat scenarios and the vibrant gaming environment.
