The modern software technology for stability, the maximum ease of use and the network. There is no diffractic powder in the exception of the market the precise of the D8 progress in peak positions, intensities and resolution. The difffrac. ¢ offers a wide variety of torque software different to a faquili acquisition and evaluation of data of Dip. The completely customizable user interface is characterized by a plug structure, providing an appearance, sensation and commission operation. All: assistant - all commander planning? Phase and phase analysis Quantitative TopS: Profile analysis, quantitative analysis, structure analysis Software of material research: saxs: X - ray scatter software of small Én Én Ár xrr â,¬ "X-ray reflectometry Integral texture texture reflectometride X -rays Advance D8 The D8 advance is based on the platform of D8 unique drungometer and is perfectly designed for all x-ray powder diffraction and and Applications that include: traditional -ray -ray distribution function (XRD) function of torque distribution (PDF) dispersion of small and wide x -rays (Sax) due to its magical adaptability, progress D8 has the ability to measure all The types of samples, from the librides to the loose powders, from thin movies to sine blocks, in a single instrument. All this is possible by the exclusive Davinci.Design: changes without tools and without alignment of the configuration of the instrument, compatible with the recognition and automatic validation of components in real time. An unlimited rede permit acessso and control of the quoter nã omero of diffratã ros d2 phaser, advance d8, d8 discover e d8 indeavor inside gives rede of a client um. It does not matter if you are a rookie user or an expert, the configuration changes are laughed, fosh and insignificant. The more: only Bruker offers a guarantee of alignment based on the reference material is NIST SRM1976. All of you “medium software dulos â§ãƒ â £ o and appraisal and can be operated as individual applications in integrated plug-in difffrac. Difffrac.suite.
